

## Connect with Ambitious Students Exploring Study Abroad

Begin High School Visits offer a focused opportunity to meet talented, motivated students directly in their school environment. This unified format brings international institutions into meaningful contact with learners from 2–3 carefully selected local international schools, ensuring strong engagement across key recruitment regions.

Schools are chosen to match the academic profiles of participating institutions, creating a productive setting for conversations about study opportunities, application pathways, and future careers.

## High School Visits Format

Each Begin High School Visit includes **engagement with students from 2–3 local schools**, delivered through one of two formats:

### 1. Multi-School Visit Format

Visit **2–3 local international schools** in one city.

- Duration: 45 minutes to 1 hour per school
- Format: Dedicated table setup in the school hall alongside other institutions
- Audience: Students in the final years of high school and school counsellors

### 2. Hosted School Fair Format

Participate in a fair hosted by **one leading international school**, with students from nearby schools attending.

- Duration: 1.5–2.5 hours
- Venue: 1–2 host schools inviting students from surrounding institutions
- Expected attendance: 150–250 participants

In both formats, Begin Group provides full logistical support, including transfers between schools and on-site coordination.
